

EVERY GREAT CLUB NEEDS:

1: PEOPLE

2: PASSION

3:

You're going to Love ClubExpress!

ClubExpress is an Internet service for hobby and enthusiast clubs, sports and leisure clubs, service organizations, homeowner and condo associations, fraternities, professional and trade associations. *Your* club. You'll love it three ways:

Officers love it! By simplifying club administration, officers and volunteers get more time to pursue their passion. ClubExpress gives clubs a more efficient and reliable way to process paperwork and collect dues, and

provides more accurate information to administrators.

Members love it! By creating a richer experience for club members, better communication tools and more features, you'll build attendance, participation and renewals.

Future members love it! Enjoy powerful tools that help to market and grow your organization, attracting new members to a vibrant, active club.

Take the 60-Day Free Trial.

"The feedback so far has been great; all of my coordinators and admins have commented on how incredibly easy and intuitive it is to change/update content and their profiles. They are delighted with everything the site can do for them - the calendar, registration, membership info, news postings, etc. I cannot thank you and your company enough."

Cristine Folz, Webmistress
Missoula Businesswomen's Network (140 members)

"ClubExpress is doing a terrific job for the Fairlane Club of America, and I am well pleased with our partnership. Your club website structure has brought a whole new element of member interaction to FCA."

Bob Mannel, Editor and Webmaster
Fairlane Club of America (3400 members)

Affordable. Indispensable.

ClubExpress gives you a fully customized web site for your club or association, including pages for benefits, programs, events, or any other content you want to display. New members can join directly from the web site, paying for their membership by credit card or check.

The membership database is built into your ClubExpress web site, so members can pay their dues, update their personal information, and access features for members only, including discussion forums, member directory, interests, committees, news, surveys, and downloadable photos and documents.

Administrators can change the look and feel of the site, customize the home page, add or remove modules, upload documents and photos, and create news items.

No web programming experience is required; the membership database, e-mailings to members, event registrations, interests and committees are all managed using menus and interactive forms. An extensive

library of reports allows you to track membership and monitor the club's health.

Credit card processing is included. We also handle your membership renewals and expirations, sending electronic or paper invoices to members automatically, based on a schedule that you determine.

There is no software to install. All you need is an Internet connection. So now you can access membership data and other records from anywhere! ClubExpress does not put advertising on your web site. We maintain the highest possible levels of security to safeguard your data, and we will never sell your names or contact information for any purpose whatsoever. Period.

**You didn't join to grind out paperwork...
get back to participating!**

ClubExpress provides all these benefits for an **amazing low monthly fee**, giving every club, large or small, access to the same advanced features. And with ClubExpress, there are no limits to the size of your web site or on how many documents or photos you can store online.
